About Us

Leveraging on the expertise of our proficient workforce and advanced manufacturing facilities, we, Sneha Chemicals, are catering to the needs of our clients through an authentic range of chemicals. Incepted in the year 2004, we are a noted manufacturer and supplier of a comprehensive range of chemicals. The product assortment we are dealing in Ferrous Sulphate Heptahydrate, Ferrous Sulphate Monohydrate (I.P.), Sodium Citrate (I.P.), Potassium Chloride (I.P.), Sodium Chloride (I.P.), etc. Owing to high quality standards, these chemicals are successfully meeting the requirements of various Pharmaceuticals, food and confectioneries and agricultural industries. To fulfill the needs of our clients, we always strive for excellence in quality of the products and our customer support services.

We are progressing on a faster pace under the able guidance of our mentor Mr. Deepak Biyani. Capitalizing on his experience and expertise in the industry, we have carved a niche for ourselves. We are well supported by a talented pool of professionals who assist us in manufacturing, testing as well as delivering our products with in the stipulated time period. Sheer dedication combined with unrelenting efforts of our team has enabled us to provide an incomparable range of chemicals that perfectly meet the requirements of our clients, leading to utmost client satisfaction.

Quality Assurance

Being a quality conscious company, Sneha Chemicals is highly committed to offer best quality chemicals. To ensure the production of high grade chemicals, we follow stringent quality measures at all the stages of manufacturing process. Our team of quality inspectors maintain a strict vigil on all the processes and make sure that the entire range is manufactured in compliance with international quality standards. Moreover, they thoroughly test all the products before dispatching them to the clients.

Infrastructural Set Up

Our infrastructure is spread over a vast area and is segregated into various units like manufacturing units, quality testing unit and research & development unit. Apart from these units, we also possess modern labs, which help in various chemical applications. Our production unit and labs are well equipped with modern and upgraded machines that ensure accurate composition of chemicals. The manufacturing unit is spread across a large arena with an enormous production capacity of 300 MT per month. The unit is installed with modern machines & tools that assist us in manufacturing an impeccable range of Ferrous Sulphate Heptahydrate, Ferrous Sulphate Monohydrate (I.P.), Sodium Citrate (I.P.), Potassium Chloride (I.P.), Sodium Chloride (I.P.) etc.

Our Products

Potassium Chloride

Ferrous Sulphate Monohydrate

Sodium Chloride

Sodium Citrate
